

# K. R. COLLEGE OF ARTS & SCIENCE

(Affiliated to Manonmaniam Sundaranar University, Tirunelveli)

K. R. NAGAR, KOVILPATTI – 628503

## Department of Microbiology

### Vision

- To provide quality education in microbiology that equips students with strong scientific knowledge and practical skills, enabling them to contribute meaningfully to rural health, environmental conservation, and societal development.
- To emerge as a centre of excellence in microbiology education and research, empowering future scientific leaders and fostering innovation for community well-being.

### Mission

- To provide distinguished academic learning and empower students with advanced laboratory skills, preparing them for research, clinical practice, and large-scale microbiological applications.
- To deliver strong theoretical foundations and hands-on training that promote a clear and comprehensive understanding of microbial sciences.
- To inspire critical thinking, research aptitude, innovation, and scientific curiosity among students.
- To create awareness of health, hygiene, sanitation, and environmental issues among students and rural communities.
- To instill moral values, professional responsibility, scientific ethics, and a commitment to lifelong learning for personal and societal development.
- To promote students' academic and career growth and encourage collaborative efforts that contribute to the continuous development of the department.
